Baldwin, Explore history's titans of finance, and their lasting global impact Heroes and Villains of Finance is a fascinating dive into the history of money as an institution, highlighting the fifty most significant figures that, rightly or wrongly, are responsible for the financial landscape we live in today. From philosophers and bankers to fraudsters and academics, this book provides a striking introduction to the most remarkable characters in the history of finance. Their impact reaches far beyond the financial system itself, and has helped shape the course of human history.
