Partridge India, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book clearly explains the biochemical and biophysical process by which the human mind can influence the human body. This book brings out the reality how the disorders and diseases of human body are generated from the human mind. This book is completely capable of exposing how the human emotions and thoughts can influence the human DNA and also explains how our positive and negative emotions affect the physiology of cells of our body differently. This book clearly reveals how the psychology of the human mind can directly affect the human physiology at macroscopic and microscopic levels in the human body. It also specifically rules out how environment can affect the mind and the cells of the human body. It gives a clear cut concept on the role of perception, beliefs, and emotions in determining the health and disease of the cell. And explains how the perception, beliefs, and emotions of an individual affect the functioning of the cells in his body. This books rules out the existence of consciousness that brings life into existence in the human body. It also exposes the role of heart in becoming the seat of emotions and also projects out the truth that how the human heart can generate the strongest electromagnetic fields that can influence the functioning of each and every cells of human body. It also explains how these fields can be used to heal physical diseases and disorders. This book also exposes how the human gut can control the brain and emotions. It also explains the role of gut in creating health. This book put forth the secrets of the two independent organs in the human body that...
