It is great and fantastic. Sure, it is actually perform, nevertheless an amazing and interesting literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Technology has solved the worlds most pressing problems, leaving people with tedious work and mundane play. Jack is a Security Officer Class 5, which sounds important, but isnt. However, her banal life as a cubicle worker by day and tinkerer by night is interrupted when she discovers that her employers computer system has been invaded. Her investigation leads her to a shadowy group called the Red, where Jack learns that not everyone lives a life of quiet servitude.
