The Global Gender Gap

By Alicia Danielsson

GRIN Verlag GmbH Aug 2014, 2014. Taschenbuch. Book Condition: Neu. 211x149x7 mm. Neuware - Seminar paper from the year 2011 in the subject Economics - Job market economics, grade: 1.3, Carl von Ossietzky University of Oldenburg, course: International Economics, language: English, abstract: One of the highest goals to achieve in an economy nowadays is something described by the term 'sustainable development'. This term takes more factors into account than just the measurement of the gross national product (GNP) to describe the well-being of a particular country. Simply defined, one could say that 'sustainable development' means that 'the rate of change of development over time is generally positive over some selected time horizon'. The actual development in this case can be seen as a vector of desirable social objectives. These could include amongst others: 'increases in real income per capita, improvements in health and nutritional status, educational achievement, access to resources, a 'fairer' distribution of income and increases in basic freedoms.' Many believe that the only way to really be able to achieve a sustainable development is through long-term investments in economic, human and environmental capital. A common shortcoming throughout the world is the fact, that the female half of its...
