Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.A hundred years into the future, in a near-totalitarian state, there exists a group of feared Government assassins called The Black Shadow Corps. They are albinos, able to send their inner shadow to kill in the name of the law. Tarris Waite is leader of The Black Shadow Corps. But she is different from them, visibly marked by her pale blue eyes. Her teammates consider her a half-breed, to be feared, and despised. A childhood accident left Tarris a paraplegic, yet she has never given up looking for a cure. Asher Hyrea is a medical researcher investigating nerve regeneration, and Tarris believes she may hold the key to her walking again. But Tarris soon learns that nothing is as it seems. Suddenly, even the most trusted members of her Shadow Corps team are suspect. Could her meeting with Asher be more than mere coincidence? When her loyalty is questioned, Tarris is left with no choice but to run. She is driven underground, where she discovers a horrifying secret that threatens the very fabric of society. Now Tarris is in a desperate fight to save her life and, more importantly, to save those who turned their back on her. But no one ever leaves the Corps alive.
