## TURQUOISE AND SIX-GUNS (PAPERBACK)

Sunstone Press, United States, 2005. Paperback. Book Condition: New. 3rd. 211 x 129 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The rock-ribbed hills surrounding Cerrillos, New Mexico, are honeycombed with mineshafts and it is these mines that have shaped the history of the town and of the district over which it presides. The Pueblo Indians for untold ages took out turquoise; the Spaniards in their turn found gold, silver and lead; and finally, the Anglo-Americans exploited all of these in addition to copper, zinc and coal. Mining gave life to Cerrillos and to neighboring towns such as Bonanza City, Carbonateville, Waldo and Madrid. And when the boom passed and the mines closed, that life ebbed away. Scattered over the hills and in the valleys everywhere are skeletal remains of mining activity: deserted buildings, black and foreboding entrances to shafts, broken tools and equipment, fallen timbers from the windlasses, gallows and hoist houses, tailing dumps and slag heaps. These offer silent testimony to the once prosperous past of the Cerrillos mining district and are an appeal for all students of history. MARC SIMMONS, the prominent author and historian, has received many awards for his research and writings on the American Southwest. He is known for his ability to record little-known episodes in New Mexico history and is also the author of NEW MEXICO MAVERICKS and YESTERDAY IN SANTA FE, both from Sunstone Press.
