THE ANCESTOR'S TALE: A PILGRIMAGE TO THE DAWN OF LIFE

[DOWNLOAD](#)

Orion Publishing Co. Paperback. Book Condition: new. BRAND NEW, The Ancestor's Tale: a Pilgrimage to the Dawn of Life, Richard Dawkins, Yan Wong, One of the most brilliant scientists of our age gives us his definitive work: a synthesis of his comprehensive vision of life. THE ANCESTOR'S TALE is a pilgrimage back through time; a journey on which we meet up with fellow pilgrims as we and they converge on our common ancestors. Chimpanzees join us at about 6 million years in the past, orang utans at 14 million years, as we stride on together, a growing band. The journey provides the setting for a collection of some 40 tales. Each explores an aspect of evolutionary biology through the stories of characters met along the way. The tales are interspersed with prologues detailing the journey, route maps showing joining lineages, and life-like reconstructions of our common ancestors. THE ANCESTOR'S TALE represents a pilgrimage on an unimaginable scale: our goal is four billion years away, and the number of pilgrims joining us grows vast - ultimately encompassing all living creatures. At the end of the journey lies something remarkable in its simplicity and transformative power: the first, humble, replicating molecules.
